

**TenderCare**  
Christian Child Care Center

## **Outdoor Play**

Outdoor play is important for children. TenderCare Staff take the children outside daily, weather permitting, as outlined in State of Wisconsin Licensing Rules for Group Child Care Centers (January 1, 2009).

If parents do not want their child to go outside for health reasons, a written notification is required of the parent and/or a medical professional stating the reason the child should not go outside daily.

- Children should be dressed properly for outdoor play during all seasons of the year.
- During the winter months, children will need snow pants, jackets, caps, mittens, and boots; and
- Summer months' children will need closed toe shoes or tennis shoes and appropriate outdoor clothing.
